

Naming and Recognition Opportunities Unitarian Universalist Fellowship of Athens

Explanation

At the varying gift levels, opportunities exist for donors to dedicate a space by having a plaque mounted in recognition of their contribution. The inscription on the plaque will feature one of two message types:

Message 1: "This room/space is dedicated in honor of <name>"

"Name" could be a living or deceased loved one, a former member (living or deceased) of UUFA, or a famous Unitarian, Universalist, or Unitarian Universalist.

Message 2: "This room/space was made possible by the generous donation of the <donor name(s)>."

Leading donors would be able to choose which space they wish to dedicate according to their donation amount. For example, Jane and John Doe give \$60,000 and choose to be recognized as donors who made the Teen Room possible. On the other hand, Jane and John Doe may give \$40,000 and ask instead to be recognized for making the Couch Room (listed at \$25,000) possible.

Approval: All recognitions are subject to approval by the Building Project Committee. Any request to name a room or space requires consideration and approval by the Board of Trustees. All recognitions and naming will be in keeping with Unitarian Universalist principles and values.

Recognition Opportunities:

Gift Level	Building Space
