

Features of Revised Plan:

Improves Fellowship Hall

- Combines Fellowship Hall and enlarged Gathering Hall
- Creates better circulation for meal service
- Addresses pyramid sound and solar heating issues

Increases parking

- Adds parking in new lot (50 more spaces) and entrance-exit on Cheatham Road with safer egress onto Timothy Road
- Adds walking path through woods from new parking area to building

Creates new meeting spaces

- Adds new 60 - 70 seat multi-purpose room
- Adds new, separate classroom/conference room

Improves Sanctuary

- Reconfigures sanctuary to add 60 or more movable seats
- Addresses acoustical, audio-visual, and lighting issues in Sanctuary and Fellowship Hall

Improves exterior aesthetics and function

- Adds new, larger glass-walled entrance that conveys openness and welcome
- Adds new landscaped entry plaza
- Adds new signs and lights in parking areas and street entrances

Addresses problem areas

- Increases flexibility in utilization of space throughout building
- Increases and organizes storage
- Redesigns and enlarges administration office area; places at front of building for security
- Adds ADA gender neutral restroom with a shower, near Sanctuary
